In April 2017, there were 416.3 million contactless transactions in the UK alone. With contactless payments becoming increasingly popular around the world, the Powerbank Payment Fob can increase the visibility of your brand in the UK and abroad. T&Cs apply*

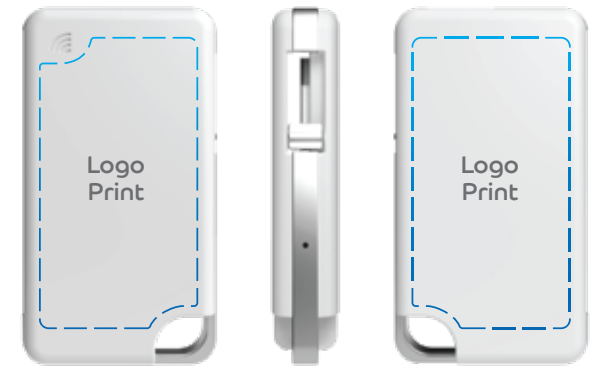

- You can use your bPay device around the world, with a debit or credit card registered to a UK address. Transactions will be converted into sterling at the Visa reference exchange rate applicable on the day the transaction is processed.
- In 2017, Visa reported a 97% increase year-over-year for contactless transit transactions and Transport for London (TfL).
- September 2017, 92% of Australia's face-to-face Visa transactions were made using a contactless method of payment.
- By the end of 2018, Visa projects 50% of face-to-face transactions in the US will occur at contactless-enabled merchant locations.

% of face-to-face transactions that were contactless in September 2017.
*Only selected countries are shown.

*Anyone 12 years old or over can apply for a bPay account. Payment functionality is subject to application and acceptance of T&Cs. The bPay chip is valid for a minimum of two years. Upon expiry, the chip will not work for contactless payments. For more information, and to see full T&Cs, visit bpay.co.uk.

Buy a coffee, a sandwich or a train ticket with one touch.

*T&Cs Apply.

- At the heart of bPay is a pre-paid account that links to most major debit or credit cards. You don't need a Barclays or Barclaycard account to set up a bPay account.
- Make contactless payments of £30 and under, wherever you see the contactless symbol.
- Link to any Visa® or MasterCard® debit or credit card, registered to a UK address.
- bPay is just as safe as Chip and Pin - all payments have the same fraud protection applied as contactless cards.
- Make sure the))) symbol on the Powerbank Payment Fob is face down when touching to the card reader.

VISA

*Anyone 12 years old or over can apply for a bPay account. Payment functionality is subject to application and acceptance of T&Cs. The bPay chip is valid for a minimum of two years. Upon expiry, the chip will not work for contactless payments. For more information, and to see full T&Cs, visit bpay.co.uk.
